ASSIGNMENT 5:

The Killer Website: Food ordering app project (Killer website) (Module 8)

Problem Statement: This frontend project entails the creation of an engaging and user-friendly Omnifood website. Focused solely on frontend development, the goal is to design a visually appealing interface that effectively communicates Omnifood's services, features, and benefits. Key components include a modern and responsive layout, seamless navigation, captivating visuals, and interactive elements to enhance user interaction and satisfaction.

Submission: You need to upload the **compressed zip file of your working project folder** to drive and then submit the accessible link (**make sure to enable sharing access**).

Reference: For reference, as mentioned above please follow **MERN Stack course >Module 8**
